# YEAR OF THE ROOSTER

**1933, 1945, 1957, 1969, 1981, 1993, 2005, 2017, AND 2029.**

The Chinese Lunar New Year, also known as the "Spring Festival," marks the beginning of spring, a time to shed the hardships of winter and prepare for a season of change and hope. 2017 is the "Year of the Rooster." The Rooster is the tenth in the list of twelve zodiac animal designations in the Chinese calendar.

People born in a year of the Rooster are very observant. Hard-working, resourceful, courageous, and talented, Roosters are very confident in themselves.

Active, Amusing, and Popular Among a Crowd

Roosters are always active, amusing, and popular within a crowd. Roosters are talkative, outspoken, frank, open, honest, and loyal individuals. They like to be the center of attention and always appear attractive and beautiful.

Roosters are happiest when they are surrounded by others, whether at a party or just a social gathering. They enjoy the spotlight and will exhibit their charm on any occasion.

Roosters expect others to listen to them while they speak, and can become agitated if they don't. Vain and boastful, Roosters like to brag about themselves and their accomplishments.

Their behavior of continually seeking the unwavering attention of others annoys people around them at times.
